Comments on teaching (strengths, areas for improvement)

[Student 2198](#) - His recitations were useful, he answered questions clearly on piazza, he was really helpful. I have no complaints, he just wasn't the greatest lecturer ever.

[Student 2673](#) - Vishant was great!!!

[Student 36886](#) - Essentially ran the class during the first half of the course Very well-versed and helped students learn through problem-solving Encouraged student progress Very good TA

[Student 47804](#) - Vishrant was a helpful TA, and ran a good recitation. The recitation presentation was a relevant review of concepts to write down, and the example problems he provided and worked through were relevant to that week's pset. He was responsive on piazza.
